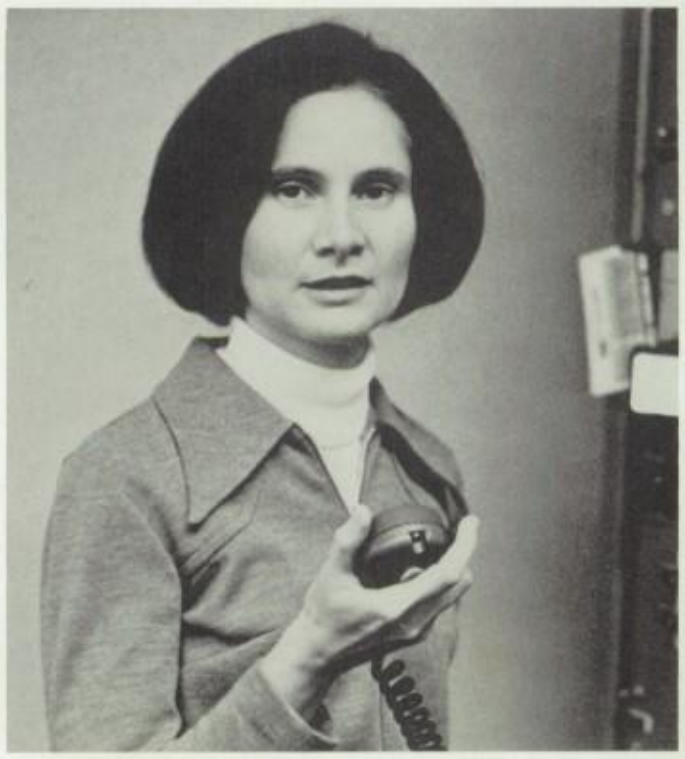
STAIR #1



Dedication

As we approached the door on our first day of our junior year at Cathedral, little did we realize that already waiting for us was a figure who would influence and even alter our lives tremendously. How were we to know, that this individual stood ready to aid us in our sorrow, reassure us when our spirits were fallen, offer encouragement where no hope could be found, rejoice with us in our victories or even just laugh and talk with us? How could we have known?

We couldn't, and therefore were totally surprised, if not awed, upon meeting such a remarkable person as our own Sister Mary Elizabeth. Her life revolves around the girls and anything she can do to help them. At times she may appear stern, yet, an unmistakable trace of a smile can always be found. The spirit of Cathedral is more than exemplified in Sister Mary Elizabeth's every move. Her constant striving for a more meaningful and more successful life for each Cathedral girl shows her faith in that girl as a unique person.

With these thoughts in mind the Graduating Class of 1974 would like to dedicate this yearbook, however humble it may be, to our own Sister Mary Elizabeth Fitzgerald.

This page is dedicated to a very special person, a person who has devoted unlimited time and all her expendable energy dealing with the "elite" of the student body, the Seniors.

Her warm expression and friendly gestures gave us confidence as we began each school day. With the help of our fellow classmates she made very beautiful plans for the special days that came in the final year of High School. Exuberantly interested in all the activities of her students, she brought us much closer to her and to our fellow classmates. Gentle but firm was her special manner with which she would deal with her Seniors.

As the years progress, we will forget many things and many people but one person we will never forget is Sister Kathleen Monahan. We will remember her through the years more as a very devoted friend than as our Senior Principal.

Graduate
It's All
Yours...

Graduation —— a dream that persisted for four years. We are proud that we made it, but reluctant to leave it all behind.

During our four years at Cathedral we were taught the real meaning of life. We developed awareness, strength, understanding, and perseverance. We reached for maturity, and having achieved it, now we, too, shall bear fruit. We accepted all gifts that were offered so that we may not offer ourselves without hesitation. We experienced the warmth of human love in the unbreakable bonds of the deep and lasting friendships that we formed here. Our experiences bound us together in our needs, our hopes, and our ideals. We learned that we could not live alone, so we lived through each other.

This yearbook you hold in your hands today is an attempt to recall all those unforgettable moments. Though our eyes strain to look ahead into the unknown land of our future, our thoughts linger still, if only for today, to look backward through the memories of our Cathedral days. Even as we, the Class of 1974, go onto meet and accept the challenge of the life that lies before us, our hearts will remember and follow . . .
